

JPMORGAN CHASE & CO.

7/27/2016

To Whom It May Concern:

This letter confirms that Naren Siva Subramani is an Applications Developer - Advanced provided to us by Experis US Inc. He is assigned to Asset Management at JPMorgan Chase & Co.'s offices at 460 Polaris Pkwy, Westerville, Ohio.

As part of this assignment, Mr. Siva Subramani will be performing the following duties:

1. Analyzing corporate requirements and defining Testing process and practices in an environment following the Agile software development methodologies.
2. Developing and implementing an Automated Testing Framework for feature validations, integration testing and regression testing.
3. Designing Testing Plans, Test Metrics and Test Cases.
4. Creating best practices and an Automation Framework around Drools Rules engine for the Analytics Engine and parallel support applications
5. Validating the Analytics Engine Data using the Custom Framework, SQL (Oracle and MS-SQL) etc.
6. Analyzing test results and recommending modifications to the applications to meet project specifications.
7. Identifying, reviewing and tracking bugs and issues arising during the testing life cycle using tools such as Jira, Confluence and Stash (Bitbucket Server).
8. Participating in the deployment of the new applications into existing systems and databases.
9. Generating and documenting test metrics, testing status and testing outcome as required by the project

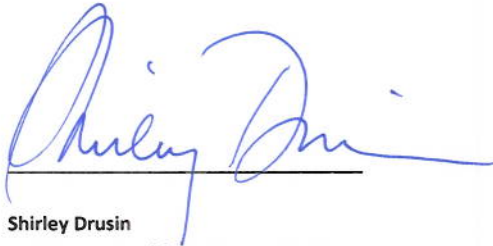

The qualifications for this role include a Bachelor's Degree or work experience equivalent in Computer Science or related field.

Naren Siva Subramani is not an employee of JPMorgan Chase & Co. JPMorgan Chase & Co. contracts with Experis US Inc. to engage contingent worker services. JPMorgan Chase & Co. does not influence the terms of his employment with Experis US Inc.

Should you have any questions in this regard, please contact me.

Sincerely yours,

On Behalf of J P Morgan Chase,

Shirley Drusin
